TREC FOUNDATION AND GIVING GALA 2018

- Who We Are* **The Real Estate Council** provides high-level networking opportunities designed to develop connections that impact careers, companies, and communities. With more than 2,000 members and 600 companies, which make up 95 percent of the commercial real estate industry in North Texas, TREC helps to open doors through leadership development, programs, networking, and volunteer opportunities.
- The Real Estate Council Foundation** is the philanthropic arm of the trade organization, with the mission to ignite positive community change and provide innovative solutions that support local communities. The Foundation's community development efforts focus on four key areas: Education, Housing, Job Creation, and the Environment. These focus areas are addressed via a high-touch, project-oriented approach that enlists the skills of TREC members. Through an application process, coupled with extensive research and development, the Foundation identifies, reviews, and selects projects that further this mission. Grantees receive not only funding but also pro bono professional services support from TREC members.
